## CAPT. LAINES GUILTY OF MANSLAUGHTER

MAXIMUM PENALTY.  
IMPRISONMENT FOR 20 YEARS.

Defendant Will Ask for New  
Ground That Jury Was Not  
Properly Guarded.

FLUSHING, N. Y., May 12.—Capt. Laines was convicted of manslaughter in the first degree, a crime for the punishment of which the maximum penalty is imprisonment for twenty years, for killing William E. Annis at the Bay Shore Yacht Club last summer.

Quickly following the young army officer's conviction his counsel announced that they would produce affidavits to show that the jury had not been properly guarded during the trial and upon this allegation will urge that a new trial be granted. These affidavits will be submitted on Monday, the time set for passing sentence and for any motions that the defendant's counsel desires to make. There will, of course, be the usual motions to set aside the verdict as against the weight of evidence and contrary to law, but the ungarded jury feature is the only departure from the stereotyped procedure looking to a new trial.

### WALDO NOTES.

WALDO, May 12.—Messrs. Boothby and son, contractors, are at work tearing away portions of the old Renault House, putting new sills and roof and remodeling it into a fine residence. An occupant has already engaged it.

Postmaster Atwater was taken suddenly ill Tuesday with acute indigestion while in the postoffice, and but for the timely ministrations of Dr. Isoring, would apparently have died. He has not entirely recovered at this writing.

L. C. Doane has moved his store into the Hicks building and is trying to sell out his business. J. L. Neal and Mrs. Neal have moved their business into their own brick building vacated by Mr. Doane.

Presiding Elder Nixon held quarterly meeting at the Methodist church Saturday and Sunday, assisted in the services by the pastor, Rev. Barr, Rev. Gates of Williston and Rev. Inman of Starke. A fine dinner was served at the church on Saturday. All four divines gave excellent discourses. The communion was administered.

Ovid Haynes and Miss Haynes of Hampton, Jerry Robinson and the Misses Price of Melrose, Mr. and Mrs. Adams of Orange Heights and Col. White of Cedar Key were attendants upon the quarterly meeting.

Mrs. Entenza's daughter, Bernice, is ill with fever.

Mr. Hendly and family are at home after an absence of several weeks at points where he has had employment on the Seaboard Air Line railroad.

Mrs. Rollins, who has been ill a long time from a chronic disease, has been removed to Pasco county and is improving.

The cessation of the ringing of the school bell and of the passing of teachers and pupils is quite noticeable since the closing of school. This is one feature of the summer dullness.

L. B. Fletcher, the baker at Renault's, is in ill health and another baker is wanted.

A reception was given the teachers and graduates at the home of Mr. and Mrs. George Granger which was a swell affair and much enjoyed. Delicious refreshments were served.

Rev. D. L. Branning is having hemorrhages from the lungs.

If you have found anything see if it is advertised in the Want column.

## SEVERAL BILLS KILLED BY SENATE TUESDAY

**Senator Sloan Introduced Two Important Measures.  
Statutory Prohibition Dead.**

TALL discussion of the bill, May 12.—Much of the day's session was devoted to the Senate, but nothing of great importance was done.

The Beard statute measure was indefinitely postponed after having occupied a plenary calendar as a special order for several weeks.

Senator Beard had been pushing the measure along a few days every time the date for the special order arrived, and today once again moved to set it for Thursday.

Some of the members said they were tired of keeping it on the calendar, and as he was not willing to discuss it at the time a motion to indefinitely postpone was made and carried.

Senator Beard protested, stating that he wanted to discuss the measure at a later date.

Senator Buckman opposed the Beard pilotage bill, and that measure was also killed by being indefinitely postponed.

Mr. Buckman had many letters and

resolutions from Jacksonville protesting against the bill.

Among the most important bills introduced were two by Senator Sloan, one of which increased the penalty from ten years to ninety for kidnapping, and the other provides that the State shall, where the family of a convict has been dependent upon

pay the family one-half of the fines such convict.

With the adoption of the report of the Internal Improvement Commission report in the House it is probable that the matter has been settled so far as the body is concerned.

The House also refused to have spread upon the journal a communication from W. S. Jennings regarding statements made by Representative MacWilliams in his minority report a few days ago.

### Sad Death at Williston.

Little Edward, the eighteen-month-old son of Mr. and Mrs. M. H. DeLand, was taken from his earthly home by Him that doeth all things well, Monday evening, May 3rd, at 6 o'clock.

The little fellow was stricken with cholera infantum about four weeks before his death, and, although he was attended by the best physicians that could be had, and tenderly nursed by one of the most attentive and most efficient nurses, Miss Simpson of Gainesville, he gradually grew weaker until he peacefully fell asleep.

The funeral services were conducted by Rev. H. M. Long of the Baptist church and the singing sweetly and

appropriately rendered by the Williston quartet. A large number of sorrowing relatives and friends followed the little body to its last resting-place and completely covered the sacred mound with beautiful flowers.

Edward was the eldest child and it is needless to say that the bereaved parents are heart-broken; but earth is dearer for his having lived, and Heaven nearer because of his death.

May God comfort all the bereaved.

## Twenty Men Lose Lives When Launch Went Down

PITTSBURG, Pa., May 12.—Twenty persons are missing and all of them are believed to have been drowned when a gasoline launch sank in the middle of the Ohio river near Schoenerville, four miles below Pittsburgh, last night. Of the thirty occupants of the boat only ten are known to have escaped. The missing:

Albert Graham, pilot and part owner of the boat; George Thompson, formerly of Altoona, Pa.; Boots O'Neill, James Connor, Walter Low, Thomas Kennedy, William Guthrie, Henry Vogel, Dennis Murphy, Tony Bole, Louis Goldstein, William Davis, Joseph Lyle, William Burke, two brothers named Botts, — Russey, and three others whose names have not been learned.

All the men were employees of the Pressed Steel Car Company at the McKees Rocks plant. The boat is said to have been intended for not over twenty persons and it is said it was dangerous to attempt to carry as many as twenty-five on it. But all the men wanted to get across the river on the first trip of the boat and thirty crowded in.

As the men started out in the boat one of them is said to have remarked that it seemed to him to be overcrowded and the feared it was not safe to attempt the trip. Albert Gra-

ham, the pilot, and one of those who is missing, is said to have replied that it was safe enough all right, as he had had twenty-seven persons in it the night before. No more was said about the load, but when the boat reached the middle of the stream, where the water is perhaps twenty feet deep, the boat suddenly sank.

There was no explosion, no leak was sprung, but the boat simply sank beneath the weight it had been bearing and went to the bottom. As it sank it caused a suction which took many of them down with it. Others attempted to swim ashore, but were chilled by the cold water and became exhausted before reaching the shore. Two of the men who saved themselves were brothers of Henry Vogel, who was drowned.

By midnight it was certain that all the missing men were drowned and it is believed the list will be twenty-one instead of twenty, as first stated. John Deer, who lived on the river bank and heard cries for help, went in a skiff and saved eight lives. Part of that number of men he put into his boat, while others held to the side of it and were rowed ashore. One swam to the banks and was saved. It is thought but nine of the thirty reached shore.

## Man Confined for Safe- Keeping Commits Suicide

OCALA, May 12.—A man about 45 years of age, by the name of G. C. Smith, who was identified by a key ring found on his person, committed suicide in the city jail during Monday night.

The man visited the city several weeks ago and at that time is reported to have possessed a considerable sum of money. He returned to this city Monday afternoon, but was not noticed about the streets until about 5 o'clock, when, at the request of Sheriff Galloway, the man was taken in charge by one of the night patrolmen. The man at this time was acting in a peculiar manner, and as

take his life, he was merely locked up for safe-keeping.

On visiting the jail early yesterday morning Acting Marshal Culbreath found the man dead in a pool of blood. His left arm was severed about the wrist and several deep gashes were inflicted about his neck and shoulders.

How the man obtained the pocket-knife will probably remain a mystery, as he was thoroughly searched before being placed in the cell.

The coroner's jury, after hearing the evidence, decided that death resulted from self-inflicted wounds. Four dollars in cash and several pieces of blank papers were the only effects found.

## PROBABLE SUNDAY TRAIN TO SPRINGS

STRONG EFFORT NOW BEING  
MADE FOR SERVICE.

Would Afford One Day of Recreation  
for Large Army of Clerks  
and Others.

There is a strong probability that trains No. 9 and 10 over the Atlantic Coast Line will be run on Sunday, commencing the latter part of the present month.

A large number of the citizens of Ocala have asked that this service be inaugurated, besides it is desired by the Gainesville people that this action be taken and they be given a low rate for the round trip to Worthington Springs.

Manager I. F. Lamb, proprietor of Hotel Worthington, was among the visitors here yesterday and stated that he was working in conjunction with the citizens of the two places to have the service placed in commission and he thought that some favorable action would be taken by the latter part of the month.

He is very enthusiastic over Worthington as an ideal place to spend the day pleasantly and at the same time enjoy the fine advantages offered there in the way of amusement and the sulphur water. For the grand excursion that will be run to that place on Friday he has made ample arrangements and a very appropriate program has been arranged to afford amusement and fun for all.

Mr. Lamb states that if the Sunday service is placed on he will engage a first-class orchestra for his place and endeavor to entertain the thousands of visitors that will go there during the summer months, and make it the "home" of the Gainesville-Ocala people, affording them an excellent place to spend the day, week or as long as they like.

### INTERESTING PROGRAM.

Scientific Club Have Interesting Meet  
at Home of J. E. Futch.

The newly-formed Chautauqua Literary and Scientific Club met and were most pleasantly entertained on Tuesday evening at the hospitable home of Mr. and Mrs. J. E. Futch.

Although this organization is yet in its infancy, it bids fair to be one of great scope, and will doubtless be a potent factor in the educational development of the community, the object and aim of the club being, as its name implies, for literary and scientific education.

The opportunity for aggressiveness along these lines is one to be appreciated and should, by all means, be gladly taken advantage of. Its membership is open to any who care to join or to all who are interested in this movement for not only self, but philanthropic improvement. While one, to thoroughly imbibe of its good, must, of course, study, at the same time one can, and indeed must, as a mere matter of absorption, improve and derive lasting benefit from association with such a society. All who attended its last session enjoyed not only a very profitable but delightful evening.

The interior beauty of the hostess' spacious home was enhanced by the adornment of beautiful plants and flowers and a wide welcome greeted all who came. A sweet course was served, and to the health of all, refreshing punch was drunk.

The following program was rendered:

Piano solo, "The Swallow"—Miss Bessie Anderson.

Vocal Solo, "Good-bye, Sweetheart, Good-bye"—Miss Alma Fennell.

"Our Circle, Its Object and Aim"—Mrs. H. C. Spencer.

## VOTES OF COUNTRY ARE COMING STRONG

WESTERN AND EASTERN SECTIONS HAVE GOOD WORKERS.

Each Week Shows Heavier Increase in Numbers Polled—All Sections Very Active.

The vote in the Co-Operative Contest is warming up at a very rapid rate, and the interest being taken in the country precincts is something phenomenal. It shows that the candidates are posting their friends as to where to do their trading when they visit the city, for within the past week the country vote has more than doubled. By referring to the advertisement elsewhere you will find a list of merchants who give votes.

A large number of workers are sending in clubs to The Sun and this is proving a rapid way for them to advance, as during their spare time at home they can work among their friends, secure subscriptions, job work or advertising and it will all count handsomely. Notice the club offers and get up as many as you can.

Miss Mabel McCredie of Micanopy again jumps to first place and she has been followed by Misses English, Hammond and Agnes Zetrouer, all of whom polled big votes in the Eastern section.

In the Western and Northern sections, Miss Annie Kirkland of Alachua is the present leader, but she is followed by good numbers, Mrs. Maddox of Archer being a close second. Miss Lucinda Bryant of Bell has made a great gain during the week.

## OAK HALLS WILL PLAY THE LAST OF SERIES

HONORS ARE EVEN BETWEEN THEM AND UNIVERSITY.

Thomas Will Probably Pitch for the Oak Hall Team in the Final Contest Today.

The final contest between the University and the Oak Halls will be played this afternoon at the ball grounds and a large attendance is expected to be present.

For this game Captain "Sandy" Graham has secured as many of the old Oak Hall aggregation as he could get together and is confident that he has picked the winning team. He may place Thomas in the box to do the throwing stunt for the locals.

The University boys are in fine practice, and having taken the last game from the Oak Halls in a walk, they feel that it will be easy work for them in this contest. "Sandy" thinks otherwise, however, and asks that a large crowd come out and see what he and his men will do to them in the game.

A small admission fee will be charged, the proceeds being devoted to assist the Athletic Association of the University, which has done a great deal in the way of advertising Gainesville during the past season.

The line-up for the University will be as follows:

Moody, c; Taylor, E. p; Hunter, 1st; Price, 2nd; Bouis, ss; Langston, 3rd; Bamberg, lf; Shands, W. A. cf; Davis, rf; Matthews and G. Taylor, substitutes.

### WILL INSPECT UNIVERSITY.

Committee From Legislature Arrived for This Purpose Last Night.

The committee appointed by the Legislature to inspect the schools of the State arrived last night and were met at the depot by a committee of citizens who had been on the lookout for them throughout the day.

The committee is composed of Senators Baker and Crill and Representatives Durance, Terrell, McKenzie and Page and will be escorted today to the University to make an inspection of the grounds, buildings and work being accomplished and agree upon such recommendations as may meet their approval.

They will be shown every courtesy during their visit here, as the citizens feel that much good will result from the visit of this committee.

### Judge Mason Has Case.

Sam Hamilton, colored, was brought here yesterday and tried before Judge Mason upon a charge of carrying concealed weapons. He was fined the usual \$100 or six months in the county jail. Not having the wherewithal the latter course will be pursued.

## Surprising, What Kodol Will Do

For you, when you need it. But the longer you neglect indigestion, the more you will suffer before Kodol can restore Good Digestion.

And, of course, indigestion if neglected long enough, brings on serious diseases in which Kodol cannot benefit you. Some of these there is no help for at all.

There are, in fact, very few ailments which cannot be traced directly to impure blood. And impure blood is always due to a disordered stomach.

Use Kodol and prevent Nervous Dyspepsia.

Kodol will effectually assist Nature to secure a complete restoration of good digestion. It does this by at once digesting all food in the stomach and keeping it digested, until the stomach is rested and can resume its own work. Kodol removes the cause—and the effect quickly removes itself.

When it is recalled that Apoplexy, Heart Disease, Cancer—and even Consumption—are due to poor digestion and poisons thus transmitted to the blood, and throughout the system—the importance of maintaining good digestion is at once realized.

We knew what Kodol would do before ever the first bottle was sold. If we did not know just what it will do, we would not guarantee it the way we do.

It is easy for you to prove Kodol—the next (or the first) time you have an attack of indigestion. And you will certainly be surprised at the results. It is perfectly harmless.

There can be no harm in trying something that may do you a great deal of good—when it costs you nothing if it doesn't.

### Our Guarantee

Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer applies to the large bottle only and to but one in a family. The large bottle contains 2½ times as much as the fifty cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

The announcement that work is to commence at once upon the new passenger station for the Seaboard Air Line is received with pleasure by the people of Gainesville and the people generally who have occasion to visit this city over this road. A union depot would be more acceptable, but since it has been decided that this is not possible at this time, we trust that the other roads entering Gainesville will follow the example of the Seaboard in providing decent accommodations for their patrons.

## CHARTER AMENDMENTS.

Every time the Legislature adjourns a cry goes up from the press that very little of importance was accomplished. The members are busy all the time they are in Tallahassee passing the bills that seem good and killing the ones that appear to be bad. Why is it, then, that they so often adjourn without disposing of those matters of State-wide importance? It is because too much time is consumed in the consideration of local bills, says The Pensacola News.

The greater number of these time-killing bills are those relating to city charters. When the Legislature meets a charter must be enacted for every town that has been incorporated since the previous session, and nearly every other town wants the old charter amended. So much of the time of the present session has been taken up in this way that very little of general importance has been accomplished beyond the passage of the prohibition amendment and giving the fatal hemlock to Senator Beard's resolution. The legislators have yet to consider the pension bill, reapportionment, the appropriation bill, the primary bill, the bank deposit bill, and possibly bills with reference to the initiative and referendum and an inheritance tax. If they do not get the time to consider some of these measures there will be an awful howl from the people. We fail to see why they do not pass a law that would diminish the volume of these local bills and allow them to get down to real business.

The matter of city charters could be taken out of the Legislature by the passage of a law permitting each town to frame and adopt its own charter. Such a law would save about half the time of the law-makers, would make it possible to make or amend a charter without waiting for a session of the Legislature, and would embody the essence of Democracy—home rule.

## STATE PRESS COMMENT.

**Is It Selfishness?**—Those members of the Legislature who deny a fair apportionment to the larger counties of the State may have the courage of their convictions, but it would be better if they could discover and put into practice the courage of common decency. In the matter of apportionment of legislators we believe Connecticut is the only State that is on a par with Florida in its fossilized injustice and unfairness.—Tampa Times.

**Naming of New Counties**—In advocating the naming of new counties for the public men of the State we made the mistake some days ago of saying that of all the counties in the State only one was named for a public man. What was intended to have been said was that only one was named for a Florida public man. The Tampa Tribune caught the error and corrects us by suggesting that Duval and Levy are two other counties named for Florida public men. Well, three out of forty-seven is a poor percentage.—Pensacola News.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. ## OUR AMERICAN LIFE.

Everyone admits that the scale of living has greatly increased in recent years. So far have we departed from the simple life of our fathers that what to them were luxuries are now considered as comforts and now held to be necessities of life. Social and educational advantages, pleasures, facilities of travel and communication, and many other things are such as our fathers never conceived let alone possessed.

One might suppose that with all these advantages life would be easier and more enjoyable, yet it is questionable if such is really the case. Probably the spirit of unrest and the sense of dissatisfaction were never so prevalent as today. This reveals itself in several ways, but most forcibly, perhaps, in the vast increase in suicides. The number is double what it was eight years ago. This fact gives a certain force to the statement recently made that in spite of material wealth and prosperity and wide spread indulgence in sports, Americans are the most unhappy of peoples.

Without fully endorsing so radical a view it is clear that something is wrong, and it is not difficult to discover what that something is. In truth the pace of our modern life in all its relations is too swift. Business men are running a constant Marathon in their haste to get rich and they are doing it at the expense of their nervous energy, their health and their finer sensibilities.

When at last they try to enjoy life by plunging into pleasure, as many of them do, they find the capacity for it is gone. The one remedy is a saner view of life, a slowing up, the cultivation of the better side of life and the recognition that valuable as money is there are other things still more valuable.

The British Chancellor of the Exchequer in presenting his budget to parliament had to announce a deficit and also to arrange to provide for a large increase in expenditure the present year. This he proposes to do mainly by an increased tax on incomes, inheritances, beer and whiskey. Although the landed interests and the liquor trade are up in arms against the proposition it will doubtless carry because of the government's immense majority in the commons. As is well-known the Lords, unlike our Senate, cannot amend the budget or any financial bill. This makes the path of the chancellor comparatively easy as the budget escapes in the Lords the stormy career that a tariff revision bill has in the Senate. The Lords must either accept or reject in whole the bill as it is presented to them. As to reject would stop the wheels of government they will most likely shrink from that responsibility and pass the budget, but it will be with a wry face.

Isn't there something which only a want ad. can do for you today?

## FORCE INCREASING AT VERY RAPID RATE

FIVE MORE FIELD MEN TO BE  
PLACED IN COMMISSION.

Capt. A. Paul Proud of the Fine Record Being Made by This New Division.

The clerical force in the field department of the United States land office is to be increased within the next few weeks several more in number.

Besides the increase in the office work, the field force is to be increased some five or more members, making the entire force eighteen.

When this division was established here few people realized that it would grow to such proportions within a short space of time, but as there is a great deal to be looked after in this department, and the work under its supervision requiring the very closest attention, it has been discovered that even more than this number can now be worked to advantage.

Capt. Paul, the chief of this division, is highly elated over the future prospects and is proud that he is able to use such a large force of men, for all, or part of them, are in Gainesville during each month and it means that much more is placed in the channels of trade here from these men, all of whom receive good and substantial salaries.

### Why They Moved.

The Blinges, mother and daughter, had long outstayed their welcome at their country friend's house. Moreover, they evinced no sign of going away nor did the mother seem to be in any way affected by the strong hints to go which the overtaxed hostess threw out from time to time. Finally, forbearance exhausted, the entertainer decided to reach the mother through her daughter. So one day, calling the little visitor to her, she said, "Maimie, when do you expect to go home?"

"Oh, I'm sure I don't know," was the careless reply. "We've several other places to stop at yet."

"Well, when do you go on to the next place?"

"Can't even tell that. Mamma says it's immaterial to her just when she'll leave here."

"But, my dear child," exclaimed the exasperated hostess, "doesn't your mother realize how costly living is these days?"

"Oh, yes, she knows how dear it is. That's why we left the city."

"Well, Maimie, I cannot afford to entertain visitors any longer, and I wish you'd tell your mother that at once!"

"Is that an insult?" rejoined the child, turning haughtily to the speaker.

"Why do you ask that, child?"

"Because when we're insulted we go on to the next place!"—London Weekly.

### Unanswerable.

"Vicious circle" is a term often used in the medical world. An example of its psychological use applied to argument may be found in Joseph A. Scoville's book, "Old Merchants of New York City."

Tom, the son of a wealthy man, was a great favorite with all who knew him, but he heartily detested business. A merchant of New York had hired him as a bookkeeper at a high salary. Nevertheless Tom got into the habit of reaching the office later and later, until finally he got there about 2 in the afternoon. When this state of affairs had gone on for a week, the merchant remonstrated.

"But, my dear sir," returned Tom, "how can I come any earlier? I don't get my breakfast until 1."

"But get your breakfast earlier."

"How can I? I don't get up till 12."

"Then get up earlier."

"How can I," pleaded Tom, "when I don't go to bed until daylight?"

In the face of such convincing argument there was nothing to be said.

### For COLDS and GRIP.

Hicks' CAPUDINE is the best remedy—relieves the aching and feverishness—cures the cold and restores normal conditions. It's liquid—effects immediately. 10c, 25c and 50c at drug stores.

### The Drill in the Pearl.

The pale, bent workmen were, most of them, drilling costly pearls, but here a man in kid gloves performed the operation of skinning—the operation of removing a pearl's outer, discolored coat, so as to give it again its original luster. And by the window another man shook industriously three pearls in a bottle.

"It is a secret of the trade—of the pearl driller's trade," he said—"this bottle shaking. You see, in pearl drilling a drill point often breaks off in a pearl, and to get it out may take a whole day's work—that is, if you don't know the secret."

He looked closely at the bottom of the glass bottle, and then, continuing his shaking, he resumed: "But if you put your pearl in a bottle and shake it up the drill point in a few minutes will fall out of itself. Look! There's another out already. The third will come soon now."—Exchange.

To feel strong, have good appetite and digestion, sleep soundly and enjoy life, use Burdock Blood Bitters, the great system tonic and builder.

## THE SPANIARD.

His Primitive Instincts of Hospitality and Charity.

Havelock Ellis in his "Soul of Spain" has revealed intimately and charmingly the temperament of the Spanish people. According to him, the Spaniard is still fundamentally primitive. In proof of his possession of the primal instincts of hospitality and charity he quotes the following anecdote from an Aragonese newspaper of a few years ago, at a time when there was much distress in Aragon:

A laborer out of work came on the highroad determined to rob the first person he met. This was a man with a wagon. The laborer bade him halt and demanded his money.

"Here is \$30, all that I have," the detained man replied.

"There is nothing left for me but robbery. My family are dying of hunger," the aggressor said apologetically and proceeded to put the money in his pocket, but as he did so his mind changed.

"Take this, chico," he said, handing back \$29. "One is enough for me."

"Would you like anything I have in the cart?" asked the wagoner, impressed by this generosity.

"Yes," said the man. "Take this dollar back too. I had better have some rice and some beans."

The wagoner handed over a bag of eatables and then held out \$5, which, however, the laborer refused.

"Take them for luck money," said the wagoner. "I owe you that."

And only so was the would-be robber persuaded to accept.

## THE BABY CROP.

Worth More Than All Other Crops as a National Asset.

When you come to think of it, there's no escaping the conclusion that the baby crop is worth more to this good country of ours than all the corn, wheat, cotton, beef and poultry products put together—worth more in dollars and cents. Untimely frosts, the boll weevil, the wheat rust, the green aphids and all the other crop and animal scourges couldn't work so great a national disaster as a genuine baby famine.

And it is simply appalling to think what would happen to our national temperament if babies were abolished. Our sense of humor would instantly go glimmering, and smiles would become rarer than black hollyhocks. The education of parents in all the little arts of tenderness would go into instant decline, and we would speedily become a nation of ossified hearts and sour faces.

Babies are the chief apostles of unselfish affection. All the world admits that. The mother who has constantly maintained an attitude of unalloyed selfishness toward all the world will go to the depths of self denial and sacrifice for the helpless child, and men of fiery and autocratic temperament become meek and plastic disciples in schools of patience and restraint where, in their own families, are the teachers and disciplinarians.—Red Book.

## RICH RED BLOOD

Means Rosy Cheeks, Clear Complexion, Bright Eyes and Plenty of Energy.

What does rich, red blood mean? It means brains, vitality, ambition, hopefulness, persistency, and everything worth living for.

But you can't have rich, red blood, if your digestion is imperfect, and your digestion is certainly imperfect if you have sour stomach, bad taste in mouth, lump of lead after eating, belching of gas and nervous unrest. So far-reaching is the effect of indigestion, that many times the eyesight is affected.

If you have indigestion or any symptom of stomach distress or agony J. W. McCollum & Co. will sell you a mighty good remedy for 50 cents, and guarantee it to cure or money back.

The remedy is called Mi-o-na. Its powerful, reconstructive action on the stomach is little short of marvelous. It tones up, strengthens and puts new life and energy into the worn out stomach in a few days. It cures by removing the cause. If you are suffering, try a large 50-cent box. It's a small price to pay for banishing indigestion.

Mi-o-na is sold by leading druggists in every town in America, and by J. W. McCollum & Co. in Gainesville, for 50 cents a box.

**HYOMEI**  
(Pronounced HIGH-O-MEY)

## WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.—take the advice received and be well.

# TELEPHONE TALKS

## The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems,

operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.

## FOOLED THE ROBBERS

An Incident of the Days of Stage-coach Holdups.

## QUICK WIT OF PAT CLOHESY.

The Trick by Which the Old Time Mining Man of Colorado Saved Himself and Sacrificed His Fellow Travelers and the Story Sequel.

"When the passengers in the old coaching days found themselves in the clutches of the 'road agents' they instinctively hurried, during the short time that driver and guard were being put in a proper state of helplessness, to secret money and valuables in the first safe place that suggested itself," said a veteran Colorado mining man. "But such precautions were useless, for there was small time and smaller opportunity of place to hide anything in a mere shell of a coach. If a man was found without money, they stripped him and searched the stage as well.

"The experience of Pat Clohesy, an old time mining man of Colorado, is historic. One afternoon he took the stage from Silver Cliff camp, bound for the railroad, sixty miles away. In the coach were a dozen other passengers, none of whom knew him. As they reached the narrowest part of the gorge that leads out of Wet Mountain valley a loud command of 'Hold up your hands!' brought the stage to a sudden standstill and every passenger in it to a swift realization that unless quick action was taken he would go broke. One crammed his wad of bills down his boot leg; another thrust his roll down the back of his neck; a third took off his hat, put his wallet inside and set it back on his head. Every man Jack of them attempted to secrete his money except Pat Clohesy, and Pat sat perfectly quiet.

"In a few moments a rifle barrel appeared at the window, and there came the order, 'Hands up and all out!' Out the passengers tumbled and stood in line with lifted hands. Pat at the far end. When the searching highwayman went through the first man he found nothing. Irritated at this, he started through the second, with the same lack of success. Angry at this, the bandit turned to his fellow robber, who stood covering the line with his Winchester.

"They have been tryin' to hide their stuff, d-n 'em! he exclaimed. 'We'll just make 'em strip, and then we'll go through the stage. They'll pay for puttin' us to all this trouble!'

"Then up spoke Pat Clohesy from the far end of the line. 'Gentlemen,' he said, addressing the highwaymen, 'I know you're in a hurry, and I know I'm a poor miner with all my property in the world—just the \$15 I've got—in my pocket. If you'll leave me that little roll, I'll tell you where these other fellows have hidden their swag, so's you can collect it quick and skip out. Is it a bargain?'

"Sure," said the man with the guarding rifle. Fifteen dollars meant nothing to the band compared to the risk. 'Well,' said Pat, pointing to the first in line, 'that fellow's money is stuffed down his right boot leg.'

"The holdup investigated and drew forth a plump roll of bills from the boot leg. 'That next man,' went on Pat, 'has got his money hid under the hind seat in the stage.' The bandit found a fat wallet stuffed under the cushion. 'The next has got his money in his hat, and the next crammed his stuff down the back of his neck, and the next—' Pat went down the line of them, while the highwayman drew forth money from all manner of places. Swiftly collecting their booty, they huddled the passengers back in the coach, set driver and guard back on their seats and told them to go ahead, not, however, before they had given Pat a twenty dollar bill and a hearty slap of thanks on his Irish back.

"The storm that broke over his head inside that coach after it had rolled a safe distance from the bandits threatened his very life before he could get a hearing. Had it not been that the robbers had disarmed them all and Pat was a huge man he never would have got away alive.

"Each of you figure up just how much you've lost," he said to his fellow passengers when at last they would listen, "and I'll pay you back not only what that is, but an equal amount in addition, for the bother I've given you," and he pulled from an inner vest pocket a huge roll of bills. In bewilderment the travelers counted up their losses. Collectively it was about \$1,000. Pat peeled off two \$1,000 bills from the bulky mass of money and, handing them to a responsible passenger, asked him to make correct division when they reached the railroad.

"I'm sorry for the unpleasant quarter hour I caused you," he continued, "but it was the only thing I could do to save myself. I have just sold a mine back in Silver Cliff for \$80,000 cash and had no other way to bring the money out except in my pocket. Here

## RUSSETING OF FRUITS

By P. H. ROLFS

—Florida Agricultural Experiment Station—

Usually the rust mite does not occur in a grove later than the middle of July. Last year, however, it continued to work vigorously late in the fall, and in some groves as late as into January, causing bright fruit to russet even after it had become ripe. Last spring was also exceptional in regard to the activities of this little pest. Ordinarily it need give us no concern before the middle of May. Many of us, however, were unpleasantly surprised to find that the crop of fruit had been greatly damaged by it before the first of May.

## How to Detect Rust Mites.

The rust mite is the smallest animal belonging to the spider-mite family. A single individual cannot be seen by the ordinary eye. Nearly every one, however, can detect rust mites by the unaided eye when they occur in countless numbers on citrus fruits, as they are likely to do some time during May. They may be detected on the fruit by a very delicate light coloring, as if the fruit had been dusted from a roadside. When this inconspicuous dusty appearance occurs, one should use the hand lens to determine whether this condition is due to dust which has arisen from the soil, or whether it is due to myriads of rust mites on the fruit. If it is found that the rust mite is present, this is a signal for immediate action.

## How to Prevent Rusting.

The rust mite, like other spider mites, is extremely sensitive to sulphur compounds; consequently we have a cheap remedy in almost all kinds of sulphur mixtures. The most effective, and at the same time, one of the cheapest, is the sulphur spray, made of sulphur and caustic soda. The lime and sulphur mixture is also very effective. Only two quarts of these sulphur solutions are usually needed to forty or fifty gallons of water.

A less effective, though somewhat cheaper, method of treating rust mite is by means of flowers of sulphur. This is a fine powder of brimstone, and may be applied by a powder gun. Before the invention of these powder guns, people treated citrus groves effectively by throwing handfuls of powdered sulphur into the trees. A mixture of flowers of sulphur with about three parts of air-slacked lime is a little more easily applied, and sticks to the leaves better than the sulphur alone. By mixing the lime with the sulphur the workmen are able to see what parts of the trees have been treated, and so to do the work more thoroughly.

The dry insecticides for rust mite have their disadvantages, however, in that they should only be applied when the trees are moist with dew. In a large grove this requires much night work, to which most laborers object.

Other forms of contact insecticide may be used more or less effectively, but should be avoided unless one has in mind the double purpose of destroying rust mite and scale insects at the same time.

## Irrigation.

A grove that is kept thoroughly irrigated is not apt to be badly affected by rust mite, since these mites do not endure a moist atmosphere. It is, however, not safe to rely upon an irrigating plant as a preventive of russetting of oranges.

is the bundle of it," and he held up the fat roll. "When I heard the holdups outside I thought it was all up, for you can't hide money from those hounds. But when you fellows pulled out your money to hide it and I saw that none of you had any large amount I thought I would work a game on the road agents and give you away to the villains in order to save myself. I surely did! They've got \$1,000, but I've saved my money!"—Washington Post.

## The Kaffeeklatsch.

The difference between a 5 o'clock tea and a German Kaffeeklatsch is enormous. The tea is a pleasant go-as-you-please meeting, where we balance our teacups in hand perilously handicapped by our multitudinous possessions, augmented by the frail saucer on which a top heavy piece of cake finds an insecure resting place. We may enjoy a variety of creature comforts augmented by ices and cups on festive occasions.

Not so the German Kaffeeklatsch. That is a ponderous affair which you find sitting at tables. Coffee and savories mark the beginning of the meal, followed by numberless cakes which the Germans know so well how to make. This is followed by some creamy preparation or a beautiful device made in ice. This again is succeeded by the choicest fruits.

The Kaffeeklatsch is meanwhile still busily plying its trade. There is a well known German song which ends with the refrain, freely translated: "Thank you, thank you, hostess mine, I never drink more cups than nine."—London Queen.

## S.S.S. CURES SKIN DISEASES

The cause of all skin diseases can be traced to some humor or acid in the blood; the cuticle is always healthy where the circulation is free from impurities. When the blood is infected with acid or unhealthy matter it cannot perform its natural work of nourishing the skin, regulating its temperature and preserving its normal softness, pliability and healthfulness. Instead it irritates and inflames the delicate fibres and tissues around the pores and glands and produces some of the many forms of skin disease. The itching and stinging so often accompanying skin affections are produced by the deposit from the blood of the acid humors with which it is filled, into the sensitive membranous flesh lying just beneath the outer covering, and surrounding the countless nerves, pores and glands. This explains why scratching the outer skin affords no relief from the itching and burning. S.S.S. cures Skin Diseases of every character by purifying the blood. It goes down into the circulation and removes the humors or acids which are causing the trouble, builds up the weak, acid blood, and permanently cures every variety of skin affection. Local applications can only soothe; they never cure because they do not reach the blood. S.S.S. goes right into the circulation, reaches the trouble and cures it by removing the cause. ## ABOUT ADVERTISING—NO. 7

## The Cannon That Modernized Japan

By Herbert Kaufman.

Business is no longer a man to man contact, in which the merchant and the patron establish a *personal* bond, any more than battle is a hand-to-hand grapple, where bone and muscle and sinew decide the outcome. *Trade* as well as *war* has changed in its aspect—both are now fought at long range.

Just as a present day army of heroes would have no opportunity to display the *individual* valor of its members, just so a merchant who counts upon his personal acquaintanceship for success is a relic of the past—a *business dodo*.

Japan changed her policy of exclusion to foreigners after a fleet of warships battered down the Satsuma fortifications. The Samurai, who had hitherto considered their blades and bows good enough, discovered that one cannon was mightier than all the swords in creation if they could not get near enough to use them. Japan profited by the lesson. She did not wait until further ramparts were battered to pieces, but was satisfied with her *one* experience and proceeded to modernize her methods.

The merchant who doesn't advertise is pretty much in the same position as that in which Japan stood when her eyes were opened to the fact that *times had changed*. The long range publicity of a competitor will as surely destroy your business as the cannon of the foreigners crumbled the walls of Satsuma. Unless you take the lesson to heart, unless you *realize* the importance of advertising, not only as the means of *extending* your business but for *defending* it as well, you must be prepared to face the consequences of a folly as great as that of a duelist who expects to survive in a contest in which his *adversary* bears a sword twice the length of his own.

Don't think that it's *too late* to begin because there are so many stores which have had the advantage of years of cumulative advertising. The city is growing. It will grow even more next year. It needs *increased trading facilities* just as it's hungry for new neighborhoods.

But it will never again support neighborhood stores. Newspaper advertising has eliminated the strength of being *locally prominent*, and five cent street car fares have cut out the advantage of being "around the corner." A store five miles away can reach out through the columns of the daily newspaper and draw your next door neighbor to its aisles, while you sit by and see the people on your own block enticed away without your being able to retaliate or supply new customers to take their place.

It is not a question of your ability to stand the cost of advertising but of being able to *survive without it*. The thing you have to consider is not only an *extension* of your business but holding *what you already have*.

Advertising is an *investment*, the cost of which is in the same proportion to its *returns* as *seeds* are to the *harvest*. And it is just as preposterous for you to consider publicity as an expense as it would be for a farmer to hesitate over purchasing a fertilizer if he discovered that he could *profitably increase* his crops by *employing* it.

## DAVIDSON-KELLEY CASE POSTPONED TO JUNE

**Absence of Material Witnesses Caused This Action.  
Other Matters Before Circuit Court.**

"We, the jury, find the defendants, William Bexley and Truby Osteen, guilty of manslaughter. So say we all. R. F. ORMOND, Foreman."

### From Tuesday's Daily Sun:

After having remained out from five minutes past 10 o'clock Saturday night until 11 o'clock Sunday morning, the jury in the case of the State vs. Wm. A. Bexley and Truby Osteen, charged with the murder of W. H. Moreland, brought in a verdict as above.

It is rather of unusual occurrence, the convening of a court in Alachua county on the Sabbath, but owing to the fact that the jury had been for more than three days and nights constantly on duty, with the result that they were very much fatigued, prompted Judge Wills to call the court and receive the verdict for the relief of that body. The jurors left for their various homes in the afternoon.

The defendants, as well as their attorneys, relatives and friends, and the attorneys for the prosecution, were present.

The verdict was received quietly by the defendants, who showed no outward signs of emotion, and after the rendering of the verdict the prisoners were taken back to jail, being accompanied by a number of friends.

Attorneys for the defendants state that they will make a motion in arrest of judgment, and in the event that it should be over-ruled, they will make a motion for a new trial.

### MONDAY'S PROCEEDINGS.

The first day of the second week on the circuit court convened at 9 o'clock Monday morning. His Honor Judge J. T. Wills presiding, with State Attorney Rivers, Clerk Wienges, Sheriff Ramsey and other court officials in their respective positions.

The following cases were placed on the absentee docket:

State of Florida vs. William Thomas, attempting to bribe a grand juror.

State vs. Joe Scarborough, aggravated assault.

State vs. R. H. Owens, murder of Joe Musslewhite.

State vs. Albert Washington, selling liquor.

State vs. Susan Glase, selling liquor.

State vs. H. McL. Grady, receiving stolen goods. Nol prossed.

State vs. R. W. Woods, selling liquor. Nol prossed.

State vs. Louie Bartlett, selling liquor. Nol prossed.

State vs. Tom Williams, carrying concealed weapons. Ordered to county judge.

Sheriff Ramsey returned the following venire for the regular panel for the week: John R. Gilmore, A. E. Wittstock, G. W. Cauthan, T. R. Pickett, J. D. Adamson, S. H. Dempsey, J. A. Cox, G. W. Harrison, N. R. Carter, E. Baird, W. G. Richardson, J. A. Robertson.

John Hurd, colored, indicted for receiving stolen property, was arraigned and plead not guilty. When asked if he had employed a lawyer the defendant stated that he had employed counsel.

Court took a recess until 2 o'clock p. m.

### Prisoners in Court.

During the morning session a number of prisoners were brought into court, some for the purpose of consulting with their attorneys, others for arraignment. Among them were Silas Perkins and Henry Richard, colored, who were indicted jointly for the murder of Oliver Cato, another negro, near Alachua, a few days ago.

### Afternoon Session.

When the afternoon session convened shortly after two o'clock, a good audience was present. A number of prisoners occupied the prisoners' bench, having been brought into court for arraignment upon various charges.

By instruction of the court, Sheriff Ramsey called the roll of talesmen for the venire to form the regular panel. Juror J. A. Robertson was excused. J. A. Cox was absent, but responded upon the second calling. The oath was administered and the usual questions propounded by the court.

N. R. Carter was excused on account of illness in his family, and W. G. English and A. E. Summers were summoned. Mr. Summers was excused until noon Tuesday.

### Arraignment of Defendants.

The following defendants were arraigned:

State vs. Pate Sims, breaking and entering a railroad car. Plead not

guilty. Former similar indictment nol prossed.

State vs. George Powers, assault with intent to rape. Plead not guilty.

State vs. Lewis Martin, Cronin Martin and George Powers, rape. Plead not guilty.

### Davidson and Kelley.

The case of the State vs. D. M. Davidson and J. M. Kelley, charged with the murder of W. C. Sellars, was introduced, when State Attorney Rivers announced ready. Attorney Stripling, for the defense, asked for information as to whether all the State witnesses were present, to which Attorney Rivers replied that all were present except one.

As a number of witnesses for the defense were absent, several attachments were issued, and the case was continued until 9 o'clock Tuesday morning.

In the case of the State vs. Isiah Stephens and Lou Stephens, selling liquor, defendants failed to respond to their names and bond estreated.

A motion in case of the State vs. L. J. Knight, indicted upon two counts, criminal trespass and larceny, to quash the second count, was denied. Attorney Horatio Davis argued in behalf of the defendant, State Attorney Rivers for the prosecution.

### Davidson-Kelley Case.

The case of the State vs. D. M. Davidson and James M. Kelley, charged with the murder of W. C. Sellars, was again called. State announced ready, but Attorney Stripling, for the defense, stated that two or three very important witnesses were still absent, but were expected on the noon train, and the court was requested to continue case until the afternoon session. This request was granted, but the court informed Attorney Stripling that some positive decision must be made at that time.

The case of the State vs. Cliff Atkinson and John Atkinson, entering a railroad depot with intent to commit a misdemeanor, was introduced. Attorney Halle, for the defense, presented an affidavit signed by the defendants that certain important and material witnesses were absent, and difficult to obtain at this time, and asked for continuance. The court refused the request to continue for the term upon the grounds that the affidavit was not sufficient to warrant same. Attorney Halle was instructed to get depositions of witnesses here as soon as possible.

### Another Murder Case.

The clerk was instructed to issue subpoenas in the case of Ed Foreman, charged with murder in the first degree.

Lydia Drake, the aged colored woman, who was arraigned last week upon a charge of selling liquor and had been arraigned and arraigned upon a charge of selling liquor, was arraigned upon a charge of selling liquor. ## SEVERAL BILLS KILLED BY SENATE TUESDAY

**Senator Sloan Introduced Two Important Measures  
Statutory Prohibition Dead.**

TALLAHASSEE, May 12.—Much discussion was indulged in at yesterday's session of the Senate, but nothing of great importance was done.

The Beard statutory prohibition measure was indefinitely postponed, after having occupied a place on the calendar as a special order for several weeks.

Senator Beard had been pushing it along a few days every time the date for the special order arrived, and today once again moved to set it for Thursday.

Some of the members said they were tired of keeping it on the calendar, and as he was not willing to discuss it at the time a motion to indefinitely postpone was made and carried.

Senator Beard protested, stating that he wanted to discuss the measure at a later date.

Senator Buckman opposed the Beard pilotage bill, and that measure was also killed by being indefinitely postponed.

Mr. Buckman had many letters and

resolutions from Jacksonville protesting against the bill.

Among the most important bills introduced were two by Senator Sloan, one of which increased the penalty from ten years to ninety for kidnapping, and the other provides that the State shall, where the family of a convict has been dependent upon him, pay the family one-half of the hire from such convict.

House Bill No. 5, Carter of Alachua, fixing a penalty for the larceny of hogs, was indefinitely postponed.

### THE HOUSE.

With the adoption of a resolution accepting the report of the 1907 Internal Improvement Fund Investigating Commission report yesterday in the House it is probable that the matter has been settled so far as that body is concerned.

The House also refused to have spread upon the journal a communication from W. S. Jennings regarding statements made by Representative MacWilliams in his minority report a few days ago.

J. R. Zetrouer was foreman of the jury.

Court took a recess until 9 o'clock Wednesday morning.

### WEDNESDAY'S PROCEEDINGS

Court convened at 9 o'clock Wednesday morning. His Honor Judge J. T. Wills presiding. State's Attorney Rivers, Sheriff P. G. Ramsey, Clerk S. H. Wienges and other court officials in their respective positions.

Pete Fleming, who was indicted for grand larceny, formerly arraigned and plead not guilty, withdrew his plea and plead guilty of petit larceny, which plea was accepted by the State.

### Murder Case Continued.

The case of State vs. D. M. Davidson and J. M. Kelley, murder, was continued until the first Monday in June, owing to absence of material witnesses for the defense.

Case of State vs. Duncan Jordan, murder, was also continued until the first Monday in June.

Case of State vs. Wes Edie, selling liquor, continued to Monday, June 7, 2 p. m.

State vs. Moore Wright, assault with intent to murder, continued for the term.

State vs. Jimmie Lang, selling liquor, a nol pross was ordered.

State vs. Luther Dansby, selling liquor, placed on absentee docket.

State vs. Sam Williams, selling liquor, continued for term on account of illness of defendant.

State vs. Lewis Martin, Cronin Martin and George Powers, rape, continued to June 10th.

State vs. George Powers, assault with intent to rape, continued until June 10th.

At 11 o'clock the jurors were excused until 2 p. m.

### Pete Fleming Sentenced.

Peter Fleming, petit larceny, was sentenced to pay \$100 and costs or six months at hard labor in the county jail.

Court took a recess until 2 o'clock.

### Afternoon Session.

Court convened at 2 o'clock in the afternoon.

Olithia Lismore, indicted for larceny, arraigned and plead not guilty. Rosa Lismore, wife of Olithia Lismore, was indicted jointly upon the same charge, but failing to appear.

## Bloody Struggle With Intruder in the Dark

COLUMBUS, Ga., May 10.—Charles G. Wiggins, a prominent young man of Butler, Ga., is hovering between life and death at his home in that place as the result of a terrible assault upon him at a late hour Saturday night.

In walking through his home during the night he noticed the door of a wardrobe slightly ajar. This struck him as rather unusual and he pulled the door open. As he did so, a white man concealed in the wardrobe opened fire on him. The first shot cut off one of his fingers and the lamp he carried dropped to the floor, breaking and leaving the victim in darkness.

A death struggle ensued, and when the two men parted, the intruder, pulling over and over the door and

Wiggins twice again, but without effect. Nearly all the furniture in the room was wrecked and even the walls all around were spattered with Wiggins' blood. The intruder pounded him in the head with his pistol, using both hands, and his head was badly battered. During the struggle Wiggins, who was unarmed, got on top of one time.

He thinks that the struggle lasted fifteen minutes. Finally he ran from the house and the intruder shot at him while he was fleeing. The two men were the only persons in the house, Wiggins' family being on a visit to Columbus.

At a house-party at Butler yesterday (12th) was introduced a young man, who was arraigned for the first time upon a charge of selling liquor.

## MELROSE NOTES.

MELROSE, May 8.—A representative of the U. S. Geological Survey Department was in town on Thursday. Chartering the "Lenema" he took soundings all around the lake about a quarter of a mile from shore, and also in the middle. From here he drove to Lake Geneva for the same purpose. The results will be seen in the topographical map of Florida, soon to be issued at Washington.

A very good job was done recently by W. H. Lee in shortening the town flagpole, which was 105 feet tall, by sawing it off level with the ground and dropping it into a new hole dug close to the old stump, which had begun to rot. About 5 1/2 feet were taken off.

Quite a crowd of the young men are enjoying a camp on the shores of Lake Geneva, visiting parties going out to spend the day with them.

The temperature during the past cold snap fell to an average of 57 degrees with a rainfall of .60 inches.

C. P. Huffman has returned from his visit to Lake City, bringing his son, C. P. Jr., who is a student at Columbia College there, with him.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. ## ANOTHER WOMAN CURED

By Lydia E. Pinkham's  
Vegetable Compound

Gardiner, Maine.—"I have been a great sufferer from organic troubles and a severe female weakness. The doctor said I would have to go to the hospital for an operation, but I could not bear to think of it. I decided to try Lydia E. Pinkham's Vegetable Compound and Sanative Wash—and was entirely cured after three months' use of them."—Mrs. S. A. WILLIAMS, R. F. D. No. 14, Box '39, Gardiner, Me.

No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound, made exclusively from roots and herbs, a fair trial.

This famous medicine for women has for thirty years proved to be the most valuable tonic and renewer of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills, and creates radiant, buoyant female health. If you are ill, for your own sake as well as those you love, give it a trial.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.

### MISS PEARL COX.

She has left us (Darling Pearl),  
Dearest daughter, sister, friend;  
Kind and loving to all,  
Ever faithful to the end.

We shall miss the dearly loved one  
As we journey on life's way,  
But time will heal our wounded hearts.

If we only watch and pray.

Pray to Him, our loving Savior,  
That we may as faithful be  
As the one that has gone before us  
To cross death's dark sea.

Thus it is our loved ones leave us,  
When God calls them for His own  
And takes them up among the angels  
To the everlasting home.

Thus in grief we have to bear it,  
And bid farewell to a cherished one  
Till the time we might follow  
To life's eternal home.

Pearl's loving voice is still. Though all her tender ministrations of love are ceased, the steps going at duty's call to the relief of those in trouble and distress will be listened to no more, that though dost not afflict, but in Thy loving kindness Thou hast called the loved of their hearts from troubles of earth and hast given her the inheritance prepared for the just where she rests—Oh, the beauty of the word Rest—under the shades of the trees waiting to greet them when the Pearly Gates unfold.

The above poem was written by Miss Myrtle Roberts of LaCrosse, a young friend of the deceased.

### MR. BROOKER ON PENSIONS.

Comments on Resolutions by Marion  
Camp No. 56, U. C. V.

Editor Sun: I see in The Times-Union of April 30th, 1909, a set of resolutions sent up to Tallahassee from Marion Camp No. 56, U. C. V., requesting a change in our pension law. Their reason given is that the present levy of four mills is inadequate to pay us old fellows and our widows at the present rate, therefore they suggest a reduction to one hundred dollars per annum of all pensions. Next is a suggestion that there be inspectors appointed whose duty it shall be to swear us and make us prove our service, which we had to do before we ever got a pension.

Mind you, now, that same resolution provides that the inspectors get their pay for their services out of the already depleted pension fund. That being the case, would it not be a very easy matter for those inspectors, finding a man out of the Soldier's Home and with a little property, to report him unworthy of a pension, so that the present levy of four mills would be sufficient to give a few paupers \$100 per annum and leave a good balance to pay the inspectors with? Holy Moses!

Now, Mr. Editor, I cannot believe that those resolutions were formulated by men who served through the war on the firing line. I think Camp No. 56 must be made up of home guards, younger men who would like to have the office of inspector. Then I think all the old veterans have read the last pension act to know how it reads, but Camp No. 56, in its haste to create some more offices, forgot to examine that act and find out what it says. Section 7 of that act gives our county boards the right and makes it incumbent upon them to perform the duty resolved by Camp No. 56 for those inspectors to perform.

I cannot think for a moment that the young manhood of our great State will suffer what few of us real veterans there are to go to the Soldiers' Home for the sake of filling useless offices.

I wish to say, in conclusion, if every county in the State is as solid at Tallahassee as old Alachua, with the Honorable Senator McCreary and Representatives Carter and Duke, what few veterans there are now living need not have any fear.

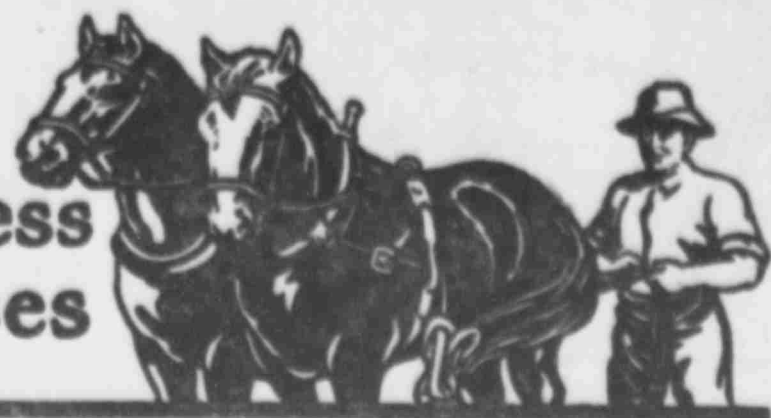

Yours very truly,  
S. E. BROOKER.

### Vagaries of a Cold.

You can never be quite sure where a cold is going to hit you. In the fall and winter it may settle in the bowels, producing severe pain. In the summer it may give you colic with diarrhoea or summer complaint. Do not be alarmed nor torment yourself with fears of appendicitis or inflammation of the bowels. At the first sign of the pain or cramp take Perry Davis' Pain-killer in warm, sweetened water and relief will come at once. There is but one Painkiller, Perry Davis'. It is now put up in a large 35c size as well as the regular 50c size.

## MISTAKEN FOR BURG- LAR MAN SHOT DEAD

JACKSONVILLE, May 10.—At a late hour last night Robert Aldrich, a well-known citizen, was shot and killed by J. G. Cross, superintendent of the Florida White Pressed Brick Works, who mistook him for a burglar.

Aldrich, who had been out fishing, was returning home when darkness overtook him and he became lost. After wandering about for some time he went to Cross' home and the latter, mistaking his mission, shot him three times, causing instant death.

The Lake City Index says the "wet" or "dry" election in Columbia county last week was a farce and the matter will go into the courts and another election be called. The Index states that negroes were run away from the polls and told that if they insisted on voting they would be killed. The county went dry by a majority of 65 votes.

The intention of this resolution is to maintain the present high standing for teachers in the Volusia county high schools.

### AN ACT OF JUSTICE.

The Times-Union takes the following view of the attitude of the Legislature relative to the Walles claim: "We do not know the merits of the Walles claim against the State of Florida. We know that Col. Walles was employed to collect the Indian War claim, and that after years of effort for the collection of this claim, Congress at last passed an act making an appropriation for its payment. The claim has been paid, but we do not know to what extent the efforts of Col. Walles contributed to the ultimate success in making the collection.

"All this is a matter for proof, and the tribunal for the submission of proofs is a court of the State that can hear testimony given under oath, and make its decision on the merits of the evidence unfettered by any other consideration. The Legislature made a mistake when it refused to open the courts to a consideration of this case, and it may have done a grievous wrong.

"The Legislature made a mistake, for it put itself in the attitude either of doubting the fairness of the Florida judges or the intelligence of the Florida jurors, or else it put itself on record as favoring robbery. This is a dilemma from which the Legislature cannot escape; which horn will it choose? Does it think that Col. Walles has no just claim against the State, but that he could corrupt a Florida judge or deceive a Florida jury and win a judgment to which he is not entitled; or does it wish to take the position of robbing the claimant of his rights?

"We would not like to take either horn of the dilemma, and we hope the Legislature will yet reconsider its action. We are sure the people who elect the Senators and representatives in the Legislature would not have the State repudiate its just debt, and we are equally sure that they have not in a civil action a suspicion of the courts such as the action of the Legislature implies."

### THE EXEMPTION LAW.

A writer in one of Florida's leading dailies addressed the editor relative to debt-dodging, calling attention to the \$1,000 exemption law which shields dishonest and law-made dead-beats. Unless a man is worth \$1,000, he cannot be sued for a debt, and so, when a merchant lets out his goods on time or promises, he never knows whether he will be paid for them or not, says The Miami Metropolis.

Men all over Florida make good use of this disgraceful law, and owe nearly all the merchants in town and never pay one, although they draw good salaries or make a good living at their trades. A man may buy an automobile, a Jersey cow, or anything he pleases, but you must not touch his salary. An honest man pays his debts and needs no law. The debt-dodgers are not honest men and need a law to land them behind iron bars where they belong unless they pay their debts.

Very few white men take advantage of this law unless they are actually of the dead-beat variety. The honest, straight-forward man, who knows he owes a debt and tries to settle it as best he can, needs no such law. It is the dead-beat who needs the law, but he should not have it to protect him.

### STATE ENCAMPMENT ORDERED.

Official general orders have been issued from the general headquarters of the Florida State Troops, located at Tallahassee, under date of April 28, ordering the brigade of infantry, comprising the military force of the State, into camp at Black Point, on the St. Johns river, for its annual tour of field duty, commencing June 8 and covering a period of eight days, says The Times-Union.

The general order just issued makes it prohibitory for commanding officers to take into camp any soldier who has not received armory drill and instruction in the "school of the soldier," and guard duty, for at least four weeks prior to the date of the encampment. This provision was inserted for the reason at previous field exercises of the troops, where they have participated with the regular army, many soldiers were found in the ranks of the various organizations who had received absolutely no rudimentary instructions before leaving home stations. This fact was made

the subject of special reports of army officers detailed with the militia as instructors and incorporated in a circular from the War Department, upon recommendation of the division of militia of the Federal Government.

Upon the receipt of the general orders, the commanding general of the brigade will immediately issue the necessary orders to carry them into effect, as well as prescribing the program of field exercises covering the period of the encampment.

### THE BOARD OF PARDONS.

At a meeting of the State Board of Pardons in Tallahassee on May 6th applications for pardons in twelve cases were made, and with one exception all were refused, or laid over for future action.

In the case of Otis D. Smith, the white man sentenced to hang for the murder of his sister, in Duval, the board made an order requesting the Governor to grant a reprieve to the applicant in order that the board might give proper consideration and investigation to new evidence submitted.

Hon. John P. Wall presented the application of Joe Turnipseed for pardon from a conviction for forgery and sentenced of four years' imprisonment by the circuit court for Alachua county at the fall term, 1907, and after due consideration it was ordered that the application be denied.

Col. H. K. Oliphant presented the application of John Sylvester Waters for pardon from a conviction of larceny and sentence of one year by the circuit court for Polk county at the fall term, 1908. This application being endorsed by Circuit Judge Wall and State Attorney Phillips, who tried the case, and there being strong evidence that the applicant was a person of very weak mind, which was clearly indicated by the facts adduced in evidence, it was ordered that a conditional pardon be granted to this applicant.

The board adjourned until Thursday, June 3, 1909.

### STATE HORTICULTURAL SOCIETY

The Twenty-second Annual Meeting of the Florida State Horticultural Society will convene at Daytona on May 18, 19, 20 and 21. The meetings of the society have been growing in importance and interest from year to year, and the twenty-second meeting promises to be no exception to this rule.

The railroads have granted to the members a rate of one fare plus 25 cents for the round trip, and the hotels are making a rate from \$1 to \$2. The people of Daytona are preparing to entertain the members with a steamer ride on the famous Halifax river, and also to give them automobile rides through the beautiful avenues surrounding the city.

Besides the attractions that the Daytona people can give, the members can enjoy all pleasures that a beautiful beach can furnish where both fishing and bathing can be enjoyed between the meetings.

Any person interested in Florida can become a member by remitting \$1 to the secretary, which will entitle them to a certificate of membership and a copy of the proceedings when published. Send \$1 to E. O. Painter, Secretary, Jacksonville, and be sure to send it at least three days before the first day of the meeting.

### The Jacksonville Primary.

G. D. Ackerly for recorder and Alexander Ray for treasurer had no opposition.

For comptroller J. B. Dodge received 1,111, E. A. Eshee 394, L. T. Gregory 1,369.

The race for the municipal judgeship will be fought out in the second primary between A. O. Wright and Charles D. Abbott. The vote for the five candidates in this race was as follows: Wright, 1,968; C. D. Abbott, 621; W. M. Dudley, 584; W. T. Cowles, 420; and Jerome C. Andreu, 232.

In the city marshal's race "Cap" Douglass comes out again in the lead, but he will have to contest the honor with Ellis Haddock in a second primary.

### THE MOTHER'S PROBLEM

#### Of Raising Strong, Healthy Girls.

A serious problem which presents itself to every mother with girls to raise, in these days. The exigencies of school life, the hurry and routine of every-day duties, the artificial environment of modern civilization, make it more difficult to raise strong, healthy girls than ever in the history of the world.

Boys raise themselves. Give them room, give them liberty, and they will grow up healthy at least, without much worrying. But the girls present a serious problem.

How many mothers there are who are worrying about their daughters. Nervous, puny girls, with poor, capricious appetites, bloodless, listless, a constant anxiety to the mother. How shall she solve her problem? To whom shall she turn for help? Each case is more or less a study by itself, and cannot be solved by any general rule.

This is the way one mother solved the problem. Mrs. Schopfer, 5920 Prescott Ave., St. Louis, Mo., in a letter to Dr. Hartman, says: "My daughter Alice, four years of age, was a puny, sickly, ailing child since she was born. I was always doctoring her. When we commenced to use Peruna she grew strong and well."

Another mother, Mrs. Martha Moss, R. F. D. 5, Chippewa Falls, Wisconsin, says: "Our little eight-year-old girl had a bad cough, and was in a general run-down condition." She had several doctors, who could give the child no relief, and the mother no encouragement.

Finally, she got a bottle of Peruna and commenced giving it to the child, and it proved to be just what she needed. When she commenced taking Peruna the child had to be carried. Now the mother says she is playing around all the time.

Her closing words were: "You have done a great deal for her. She is the only girl we have, and it meant lots to us to have her cured."

These are samples of many letters which Dr. Hartman is receiving, coming straight from the hearts of loving mothers. While the different schools of medicine are bickering and differing as to theories and remedies, Peruna goes right steadily on giving permanent relief. After all, it is cures that the people want. Theories are of little account.

### CAPT. HAINS GUILTY OF MANSLAUGHTER

FLUSHING, N. Y., May 12.—Capt. Haines was convicted of manslaughter in the first degree, a crime for the punishment of which the maximum penalty is imprisonment for twenty years, for killing William E. Annis at the Bay Shore Yacht Club last summer.

Quickly following the young army officer's conviction his counsel announced that they would produce affidavits to show that the jury had not been properly guarded during the trial and upon this allegation will urge that a new trial be granted. These affidavits will be submitted on Monday, the time set for passing sentence and for any motions that the defendant's counsel desires to make. There will, of course, be the usual motions to set aside the verdict as against the weight of evidence and contrary to law, but the unguarded jury feature is the only departure from the stereotyped procedure looking to a new trial.

#### Sad Death at Williston.

Little Edward, the eighteen-month-old son of Mr. and Mrs. M. H. DeLand, was taken from his earthly home by Him that doeth all things well, Monday evening, May 3rd, at 6 o'clock.

The little fellow was stricken with cholera infantum about four weeks before his death, and, although he was attended by the best physicians that could be had, and tenderly nursed by one of the most attentive and most efficient nurses, Miss Simpson of Gainesville, he gradually grew weaker until he peacefully fell asleep.

The funeral services were conducted by Rev. H. M. Long of the Baptist church and the singing sweetly and appropriately rendered by the Williston quartet. A large number of sorrowing relatives and friends followed the little body to its last resting-place and completely covered the sacred mound with beautiful flowers.

Edward was the eldest child and it is needless to say that the fond parents are heart-broken; but earth is dearer for his having lived, and Heaven nearer because of his death. May God comfort all the bereaved.

### WALDO NOTES.

WALDO, May 12.—Messrs. Boothby and son, contractors, are at work tearing away portions of the old Renault House, putting new sills and roof and remodeling it into a fine residence. An occupant has already engaged it.

Postmaster Atwater was taken suddenly ill Tuesday with acute indigestion while in the postoffice, and but for the timely ministrations of Dr. Boring, would apparently have died. He has not entirely recovered at this writing.

L. C. Doane has moved his store into the Hicks building and is trying to sell out his business. J. L. Neal and Mrs. Neal have moved their business into their own brick building vacated by Mr. Doane.

Presiding Elder Nixon held quarterly meeting at the Methodist church Saturday and Sunday, assisted in the services by the pastor, Rev. Barr, Rev. Gates of Williston and Rev. Inman of Starke. A fine dinner was served at the church on Saturday. All four divines gave excellent discourses. The communion was administered.

Ovid Haynes and Miss Haynes of Hampton, Jerry Robinson and the Misses Price of Melrose, Mr. and Mrs. Adams of Orange Heights and Col. White of Cedar Key were attendants upon the quarterly meeting.

Mrs. Entenza's daughter, Bernice, is ill with fever.

Mr. Hendly and family are at home after an absence of several weeks at points where he has had employment on the Seaboard Air Line railroad.

Mrs. Rollins, who has been ill a long time from a chronic disease, has been removed to Pasco county and is improving.

The cessation of the ringing of the school bell and of the passing of teachers and pupils is quite noticeable since the closing of school. This is one feature of the summer dullness.

L. B. Fletcher, the baker at Renault's, is in ill health and another baker is wanted.

A reception was given the teachers and graduates at the home of Mr. and Mrs. George Granger which was a swell affair and much enjoyed. Delicious refreshments were served.

Rev. D. L. Branning is having hemorrhages from the lungs.

## VERDICT GUILTY IN NAVAL STORES CASE

BUT NAMES OF TWO CORPORATIONS INDICTED OMITTED.

This, With the Exception of Charles J. DeLoach, Who Was Acquitted Under Instructions.

SAVANNAH Ga., May 11.—"Guilty," was the verdict brought in late last night by the jury in the case of the so-called "Turpentine Trust," though peculiarly, the names of the two indicted corporations are omitted, and the verdict applies only to the five individual defendants, E. S. Nash, president of the American Naval Stores Company; Spencer P. Shotter, chairman of its board of directors; George Meade Boardman of New York, its treasurer, and J. F. C. Myers, vice-president of the company, and Carl Moller of Jacksonville, Fla., manager of the company and also Jacksonville manager of the National Transportation and Terminal Company. The sixth defendant, Charles J. DeLoach, was found not guilty at the direction of the court.

A motion for a new trial will be made.

The verdict finds the five individual defendants guilty on the first and second counts of the indictment. The third count was ordered stricken in the early stages of the trial. The first and second counts charge the defendants with conspiring to restrain interstate trade and, second, with conspiring to monopolize interstate trade.

The jury does not mention either of the indicted corporations, the American Naval Stores Company and the National Transportation and Terminal Company.

The surprise the verdict caused in the court room and in Savannah was complete. It was generally believed that a verdict would favor the defense and that if it did not a recommendation to the mercy of the court would be made. The maximum sentence is a fine of \$5,000 and a term of one year in prison.

## Twenty Men Lose Lives When Launch Went Down

PITTSBURG, Pa., May 12.—Twenty persons are missing and all of them are believed to have been drowned when a gasoline launch sank in the middle of the Ohio river near Schoenville, four miles below Pittsburgh, last night. Of the thirty occupants of the boat only ten are known to have escaped. The missing:

Albert Graham, pilot and part owner of the boat; George Thompson, formerly of Altoona, Pa.; Boots O'Neill, James Connor, Walter Low, Thomas Kennedy, William Guthrie, Henry Vogeli, Dennis Murphy, Tony Bole, Louis Goldstein, William Davis, Joseph Lyle, William Burke, two brothers named Botts, — Russey, and three others whose names have not been learned.

All the men were employees of the Pressed Steel Car Company at the McKees Rocks plant. The boat is said to have been intended for not over twenty persons and it is said it was dangerous to attempt to carry as many as twenty-five on it. But all the men wanted to get across the river on the first trip of the boat and thirty crowded in.

As the men started out in the boat one of them is said to have remarked that it seemed to him to be overcrowded and the feared it was not safe to attempt the trip. Albert Gra-

ham, the pilot, and one of those who is missing, is said to have replied that it was safe enough all right, as he had had twenty-seven persons in it the night before. No more was said about the load, but when the boat reached the middle of the stream, where the water is perhaps twenty feet deep, the boat suddenly sank.

There was no explosion, no leak was sprung, but the boat simply sank beneath the weight it had been bearing and went to the bottom. As it sank it caused a suction which took many of them down with it. Others attempted to swim ashore, but were chilled by the cold water and became exhausted before reaching the shore. Two of the men who saved themselves were brothers of Henry Vogeli, who was drowned.

By midnight it was certain that all the missing men were drowned and it is believed the list will be twenty-one instead of twenty, as first stated. John Deer, who lived on the river bank and heard cries for help, went in a skiff and saved eight lives. Part of that number of men he put into his boat, while others held to the side of it and were rowed ashore. One swam to the banks and was saved. It is thought but nine of the thirty reached shore.

## Alexander-Thornton Trouble Bobs Up Again in House

TALLAHASSEE, May 11.—The outcropping of the Alexander-Thornton trouble, the Hilburn incident and the decision to reconsider the Beard disfranchisement measure, yesterday was decidedly lively in the House.

The House had hardly settled down to the day's routine when Mr. Alexander of Volusia arose to a point of personal privilege, and in a burst of oratory stated that he had never risen to a point of personal privilege during his long affiliation with the House, and that he would not do so were it not for a letter written to a Volusia county paper by his colleague, Mr. Thornton, the purpose of which was to hurt him in Volusia. The letter said that he would concede that The Times-Union reporter wrote what he thought was a true account of the Thornton-Alexander affair, which was reproduced in many of the papers of the State, and "if the bridge proposition had anything to do with leading up to this unfortunate affair, I am not aware of it." The letter also stated that Mr. Alexander had boosted the bridge bill, but had worked secretly against it, saying that the championing of the bill would give him a "send off" in Volusia county, but that he had secured "enough votes in the Senate to kill the bill."

When Mr. Alexander had finished his remarks, Mr. Thornton took the floor and read a letter from Mr. Hardee of St. Lucie, which stated exactly what Mr. Thornton's letter had said in reference to giving Mr. Alexander a boost in Volusia and the killing of the bill in the Senate.

Mr. Alexander was on his feet to reply, when Mr. Light of Marion cut off discussion by a motion for regular order.

Things were getting hot, and there is no telling what might have happened had Mr. Light kept his seat.

Mr. Cox introduced a resolution suggesting and requesting the gentlemen from Volusia to bury the hatchet at least until they got home.

The resolution was ruled out of order.

Mr. Alexander declared that he would answer in the State press.

Among the most important bills introduced in the Senate was one by Sloan of Lakeland which prohibits the operating of work or freight trains on Sunday except in the case of fruit or other perishable freight.

# WHITLA KIDNAPPERS GIVEN LIMIT OF LAW

Man Given Life Sentence, His Wife 25 Years---Later Makes Attempt at Suicide.

MERCER, Pa., May 11.—James H. Boyle was sentenced yesterday to life imprisonment in the penitentiary for the kidnapping of "Billy" Whitla. Mrs. Boyle received a sentence of 25 years with a fine of \$5,000 and the costs of the prosecution. Boyle did not create the scene in court he had threatened. Sheriff Chess started with Mr. and Mrs. Boyle for the Western Penitentiary at Pittsburgh yesterday afternoon. Before he was taken from here to the penitentiary at Pittsburgh James Boyle gave out a statement in part as follows:

"On the morning of—between the hours of—Dan Beeble, Jr., was found dead on the sidewalk in front of the Mauser block, East Federal street, Youngstown, and over the prostrate form was Mr. Harry Forker of Sharon, Pa., holding in his right hand a package of letters that was gathered from the sidewalk near the dead body of Mr. Beeble.

## Boyle's Hidden Story.

"As he was about to depart from the vicinity he was intercepted by the writer and a man who has since passed to his reward, Mr. Dan Shay, a saloonkeeper of Oak street, Youngstown, O.

"In Mr. Forker's hurry to leave the scene, he failed to find two envelopes that contained four letters. The same were picked up by Mr. Shay.

"The writer and Mr. Shay examined and read the contents of same, which proved beyond a doubt the presence of Mr. Forker there at the time.

"The letters were written by a lady, two from a party in New York State and the other from Cleveland, Ohio."

Boyle then sets forth that he demanded and secured money from Forker, under the threat of disclosing the secrets contained in the letters. He secured, he sets forth, various sums and finally demanded \$5,000. Forker, he says, professed inability to secure the money for him, but suggested the kidnapping of "little Willie Whitla."

## The Kidnapping Plot.

The statement embraces the following letter, "Bailey" being the assumed name Boyle employed:

"Friend Bailey: You know that the circumstances and the promise I made you when you left here, but if you are really desperately in need of money as you profess to be, I will outline a little plan which with your co-operation can be very successfully carried out, viz:

"The abduction of J. P. Whitla's son. I can arrange to have the boy brought to Warren, O. due there at 11:15 with escort."

There is no signature to the letter. Resuming, Boyle sets forth the alleged manner of the kidnapping, saying a "party" brought the boy to him at Warren, O., whence he went to Niles, O., to Ashtabula and then to Cleveland. He continues:

"On March 22 I received a letter from Mr. Forker stating that some-

one had informed Mr. Whitla that they had recognized his boy on March 15 in Niles, O., and that James Boyle of Sharon was with him, also that Mr. Whitla was afraid to divulge the information for fear the boy might come to some harm and telling me to be careful and be on the alert, and that when I received the money to immediately surrender those Youngtown letters, to send same to him, Mr. Forker at Sharon, and on Tuesday, April 23, to return half of the ransom money to him, Mr. Forker, and he would turn over the same to the party who took Willie Whitla to Warren.

## Gave Whitla the Letters.

"Upon learning that my name was mentioned in connection with the case I made it a point to meet Mr. Whitla personally in Cleveland on Fifty-third street and St. Clair avenue, showed him the letter that passed between Mr. Forker and myself, also the Youngtown letters, and Mr. Whitla promised that if I would substantiate the truth of the Youngtown letters he would see there would be no prosecution.

"I then surrendered, through Mr. Whitla, all the letters that were in my possession and the world knows the result. I was arrested and convicted and deprived by my own counsel of telling my story on the stand. I informed my wife the boy was brought in order to escape being quarantined in the pest house and we were to be handsomely rewarded for taking care of him.

"This unfortunate woman was duped from start to finish in regard to the boy and I was duped from the moment I let the letters go into Mr. Whitla's possession. As my counsel afterwards informed me, I had nothing to show or to prove, and that it was a matter of veracity—their word against mine. I had given up every centilla I had and now I am settled for. This story is as true as there is a God above us."

The statement was signed: "James Boyle, Mercer, Pa., May 10, 1909."

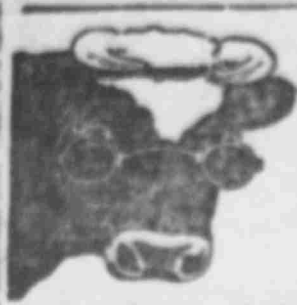

## MRS. BOYLE TAKES POISON.

Woman Endeavors to Carry Out Her Threat to Commit Suicide.

PITTSBURG, Pa., May 11.—James Boyle and his wife, Helen Boyle, were lodged in the Western Penitentiary here last night.

The prisoners were taken first to a side room to say good-bye, as the rules of the prison would not permit them to see each other again. Mrs. Boyle threw her arms around "Jimmy's" neck and kissed him. She said: "We must take it the best we can." The matron escorted Mrs. Boyle from the room. She burst into tears and asked to be permitted once again to see her husband. The request was granted and she again kissed and embraced Boyle.

When Mrs. Boyle gave her belongings to the matron, she asked permission to keep a small mirror she

## The Tenderfoot Farmer

It was one of these experimental farmers, who put green spectacles on his cow and fed her shavings. His theory was that it didn't matter what the cow ate so long as she was fed. The questions of digestion and nourishment had not entered into his calculations. It's only a "tenderfoot" farmer that would try such an experiment with a cow. But many a farmer feeds himself regardless of digestion and nutrition. He might almost as well eat shavings for all the good he gets out of his food. The result is that the stomach grows "weak" the action of the organs of digestion and nutrition are impaired and the man suffers the miseries of dyspepsia and the agonies of nervousness.

To strengthen the stomach, restore the activity of the organs of digestion and nutrition and brace up the nerves, use Dr. Pierce's Golden Medical Discovery. It is an unfailing remedy, and has the confidence of physicians as well as the praise of thousands healed by its use.

In the strictest sense "Golden Medical Discovery" is a temperance medicine. It contains neither intoxicants nor narcotics, and is as free from alcohol as from opium, cocaine and other dangerous drugs. All ingredients printed on its outside wrapper.

Don't let a dealer delude you for his own profit. There is no medicine for stomach, liver and blood "just as good" as "Golden Medical Discovery."

# SPEAKER ORDERS ARREST OF HILBURN OF PUTNAM

Trouble Arose Over Putting of Motion Concerning Beard's Disfranchisement Measure.

## Special to The Sun.

TALLAHASSEE, May 10.—Quite a sensation was created in the House this morning by Speaker Farris ordering the sergeant-at-arms to arrest Representative Hilburn, of Putnam.

The trouble was precipitated by Mr. MacWilliams, Representative from St. Johns, moving to postpone action to reconsider vote by which Senator Beard's suffrage amendment failed to pass the House last Saturday until the 19th inst.

Mr. Hilburn moved, he claimed, to lay MacWilliams' motion on the table. The Speaker put MacWilliams' motion and Hilburn said it was not in order; that motion to table was the motion in order.

The Speaker then said no motion to table had been made. Hilburn re-

plied that it had, when the Speaker ordered Mr. Hilburn to take his seat. The latter said he would not do so, whereupon the Speaker ordered Hilburn's arrest.

## Feared Suicide Effort.

Boyle and his wife sat together and held each other's hands during the entire journey from the scene of their trial.

Sheriff Chess said he was glad to get the prisoners out of his custody, as he was afraid they would be successful in their announced intention to commit suicide. The sheriff stated he believed Boyle had intended to kill his wife and then commit suicide with a razor the sheriff found in the kidnapper's tie. Neither prisoner would deny that this was true.

The severity of the sentence imposed upon the pair appalled Mercer, where it was pronounced. Both prisoners collapsed in court upon being sentenced and had to be carried from the room. Hardly had they reached their cells when word was given out that the woman had taken poison during the last night and had narrowly escaped death at her own hands, and that a razor had been found concealed in Boyle's clothing.

The House spent nearly the entire afternoon in considering a gopher bill applicable only to West Florida, which passed to third reading.

The Senate considered only local bills today, the Newberry charter and Carter's bill prohibiting shipping of fresh water fish out of Alachua county being among those passed.

## MOB USED KNIVES AND GUNS ON NEGRO

MAN LYNCHED NEAR JACKSONVILLE SATURDAY NIGHT.

Negro Had Made Criminal Assault Upon White Woman, Who Identified Him When Captured.

JACKSONVILLE, Fla., May 10.—Mrs. John Deas, wife of a well-known farmer residing at Camden, fifteen miles from Jacksonville, was criminally assaulted early Saturday night by an unknown negro, who was later captured by a crowd of citizens and lynched.

Mrs. Deas was driving her cows home late in the afternoon when the negro sprang upon her, forced her to the ground and accomplished his purpose. Mrs. Deas' screams attracted the attention of her son, who came to her rescue, but the negro had made his escape from the scene.

The Duval county sheriff was notified, but when he reached the scene the pursuers had captured the negro, Mrs. Deas had identified him and his throat had been cut from ear to ear and his body riddled with bullets. The sheriff could gain no information as to the identity of the negro's pursuers and no one seems to know the negro, stating that he was a stranger. The body was brought to Jacksonville.

## DREADFUL DISEASE IS CURED BY CUTICURA

"My six year old daughter had the dreadful disease called lumps for two months. She became affected by playing with children who had it, although we did not know it. By scratching she caused large sores which were irritating. Her body was a complete sore but it was worse on her arms and back. We employed a physician who left medicine but it did not help her and I tried several remedies but without avail. Seeing the Cuticura Remedies advertised, I thought I would try them. I gave her a hot bath daily with Cuticura Soap and anointed her body with Cuticura Ointment. The first treatment relieved the itching and in a short time the disease disappeared. I recommend the Cuticura Remedies for all skin diseases and give them my greatest praise. Mrs. Geo. L. Fridhoff, R. F. D. 1, Warren, Mich., June 30 and July 13, 1908."

I used different kinds of things but each kind made it worse until I read of the Cuticura Remedies, and one cake of Cuticura Soap and one box of Cuticura Ointment cured him like magic. I would not be without it in the house and I have recommended it to all my friends. Mrs. J. D. Maxwell, 6th St., Woodside, Long Island, N. Y., May 21, 1908."

### On Inspection Tour.

W. E. Parmenter, L. Evans and Fred Malerfelt formed a party from Orange Park who arrived in the city yesterday for the purpose of inspecting our roads. Their town has bonded for \$5,000 and will use the money to build a hard road to connect with the road from Duval county, covering a distance of about twelve miles, in each direction, from their place. They are very enthusiastic over the good roads subject and believe it will only be a question of a short while before a hard road will be built all along the East Coast, and they will assist in the project by joining on to the Duval road at once.

To feel strong, have good appetite and digestion, sleep soundly and enjoy life, use Burdock Blood Bitters, the great system tonic and builder.

## SEABOARD DEPOT TO BE BUILT AT ONCE

NEW PASSENGER STATION WILL NOW BE ERECTED.

Commission and Railroad Officials Agree Upon Plans and Specifications Already Submitted.

Work will be started on the new passenger station for the Seaboard Air Line at once.

The plans and specifications submitted have been approved by the Railroad Commission and the work ordered, so it will now be only a question of time until the Seaboard will have a building that will meet the requirements of the traveling public and afford some accommodation to the large passenger travel that this company enjoys through this city.

This depot will be provided with all modern improvements and will be a credit to the fast-growing city, and while many want a union passenger station, this will suffice for the wants of the Seaboard for some time to come.

According to population there is no city in the State that can boast of better train service than is now afforded Gainesville, and the completion of the many improvements contemplated will give us a greater prestige among the traveling public.

# VOTES OF COUNTRY ARE COMING STRONG

## WESTERN AND EASTERN SECTIONS HAVE GOOD WORKERS.

**Each Week Shows Heavier Increase in Numbers Polled—All Sections Very Active.**

The vote in the Co-Operative Contest is warming up at a very rapid rate, and the interest being taken in the country precincts is something phenomenal. It shows that the candidates are posting their friends as to where to do their trading when they visit the city, for within the past week the country vote has more than doubled. By referring to the advertisement elsewhere you will find a list of merchants who give votes.

A large number of workers are sending in clubs to The Sun and this is proving a rapid way for them to advance, as during their spare time at home they can work among their friends, secure subscriptions, job work, or advertising and it will all count handsomely. Notice the club offers and get up as many as you can.

Miss Mabel McCredie of Micanopy again jumps to first place and she has been followed by Misses English, Hammond and Agnes Zetrouer, all of whom polled big votes in the Eastern section.
